(Dec. 29, 2022) — Your surveillance monitors at the Department of “Justice” [*sic*] have just released a report celebrating the fact that arrests for federal crimes have dropped to the lowest level in two decades..., while violent urban crime statistics break all skyrocketing records.

As noted [here](#), President Trump’s “[Operation Legend](#),” a crime-fighting program featuring close working relationships between federal law enforcement – back when some in the DOJ, FBI and BATF still cared about the rule of law – and state and local law enforcement took a big bite out of urban crime.

However, despite – or more likely because – the program was successful in reducing crime in many major urban areas, as soon as Brandon the Goof took over in January, 2021... the program was “[quietly cancelled](#).” It is as if Brandon was saying: “Hey, Merrick..., that Trump crime-fighting thing was cramping the criminals’ style, so kill it.”

Is there no end to the anti-American, corrupt and demonic [policies](#) of the Brandon regime? Does Merrick (“Let’s-target-parents-as-domestic-terrorists-for-caring-about-their-children” Garland have the slightest clue? Can the Republic endure another two weeks, let alone two years, of this destruction? Not joking... not hyperbole.

Meanwhile, while dozens – soon to be scores – of his fellow-Americans freeze to death for lack of affordable [heating fuel](#), Brandon jets off to St. Croix, Virgin Islands on another “badly needed” vacation ... where he and “Doctor” Jill must endure [temperatures](#) in the low to mid-80’s. So, once again, it is the Democrat hypocritical “heat for me, but not for thee.” Brandon could not identify a “class act” if it bit him on his... elbow.

One of the first actions of the now GOP-controlled House of Representatives should be the filing of articles of impeachment against the Goof. He is a senile, autocratic fool masquerading as a “leader.” He is a clear and present danger to the nation and needs to be impeached by the House, without regard to the likelihood of removal by a conviction in the Senate.

If Brandon, the Democrats and their Deep State apparatchiks are to be “brought to ground,” the GOP must first be prepared to fight fire with fire. Harsh words will not cut it. Failing that, the ranks of registered GOP voters may suffer the same species of political “realignment” recently demonstrated by Kyrsten Sinema (I. AZ) and Tulsi Gabbard..., but on a *much* larger scale. The time for tough-guy rhetoric as opposed to [righteous retribution](#) has passed. *Long* passed.
