

The Madness Metastasizes

“CRAZED CLOWNS”

(Sep. 24, 2018) — The madness just keeps metastasizing. The Democrats on the Senate Judiciary Committee who are considering Judge Kavanaugh’s nomination to the Supreme Court have descended to depths never before seen in the history of the Republic. Strike that... they are not “considering” anything. They have already made it clear that under no circumstances would they vote to confirm a principled jurist. Their *only* goal now is to delay the vote until after November 6th.

Instead, they are “colluding” (not a crime) and even “conspiring” (a crime) to delay and block the confirmation of Judge Brett Kavanaugh by any means available. They are doing this, of course, with the full cooperation of the mainstream media, which never met an “anonymous source” it did not like, if the target of the attack, of course, were to be a Republican.

As recently noted [here](#), these leftist and Democrat chicken snit tactics now typify what progressives, liberals and many Democrats claim are legitimate weapons in the fight to keep an eminently qualified jurist off the Court. The Democrats have morphed the hearings on Judge Kavanaugh from a constitutional “advice and consent” exercise into a cesspool of politics devoid of any “advice and consent,” much less any search for truth. Stated otherwise, they hate President Trump, so the victim must be Judge Kavanaugh... and his family.

Let me be clear: the Democrats on the Judiciary Committee are cowards, beheaded chickens running amok in a barnyard. Meanwhile, their apparatchiks hurl death threats at Judge Kavanaugh’s family, including Kavanaugh’s wife and their two young daughters.

So, today we have these courageous vermin threatening to *kill* two young girls because of an unsubstantiated, uncorroborated allegation that, 36 years ago, *someone* groped someone else's daughter. Nice.

Underscoring his resolve to clear his name and defend his family, Judge Kavanaugh is not waiting until Thursday to speak out against these assaults, which will no doubt continue into the Judiciary Committee hearing room. Tonight, Judge Kavanaugh and his wife will take on the accusations in a Fox News [interview](#). Set your DVR... I sure will.

The bottom line is this: with each passing day, the leadership of the present-day Democrat Party again underscores the fact that this cabal of "It" [clowns](#) has completely forfeited any claim of right, competence or skill to govern a free people in a constitutional republic. You – along with many others – may not think that President Trump is the ideal chief executive, but at least he is not that "dead womyn walking," HRC.

Do your country a favor: vote GOP in November. If you are an American lawfully here and registered to vote in the upcoming midterm elections, your choice is increasingly clear. Vote to put more Bozos in charge or vote to make sure Judge Kavanaugh, once confirmed... and yes, Virginia, he will be confirmed... is not subjected to the foolish threat of impeachment by a House of Representatives dominated next January by a bunch of crazed clowns.
