

Yes Virginia..., It's Getting Worse

"THE SURVIVAL OF THE REPUBLIC"

"A [Republic](#), Madam, if you can keep it"

(Jun. 5, 2022) — Assuming that we are not already in the opening phases of a Second Civil War, we are dangerously nearing that point. Under the cataclysmic “administration” of categorically the worst, most corrupted “10% for [the Big Guy](#)” and addled “president” since the founding of the Republic, we are now on a dangerous trajectory.

A “uniter,” the Goofball at 1600 is decidedly... *not*. Moreover, his assurances on the 2020 campaign trail that he would be the moderate leader who would bring the country back together after four years of “Making America Great Again” were, at best, misinformation, and at worst – more likely – lies. They were likely lies because he knew full well at the time he muddled the words from his basement in Delaware, he had no such intention.

Bowing to the lunatic policies of the “Greeners” and intent upon completing the promise of the Second Usurper in Chief (“SUC”), Monsieur Obama, to “fundamentally change America,” he has cemented his place in the nation’s history as the worst of the worst. Hands down.

Belatedly, a sentient public – thereby excluding leftist Democrats – is realizing the depth of his [incompetence](#). The Democrat politicians and bureaucratic apparatchiks controlling the Goof and his sycophants have in the past scant 17 months transformed President Reagan’s “shining city on a hill” into a smoldering shadow of its former self. The SUC’s promise is well on its way to realization.

And the damage wrought by uncontrolled inflation, the lunatic abandonment of energy independence and the eradication of the country's southern border – to note but a few of his malevolent actions – present perils to the Republic which will take years, if not scores of years, to repair.

If ever there were a time for whistleblowers in the bowels of the Deep State, in the nether recesses of the FBI, DOJ and CIA and buried in the law firms, lobbying pits and non-governmental organizations (“NGO’s”) which governed the 2020 general election [results](#) in five “swing states” to come forward, it is now. Those individuals know what happened and why the results of the 2020 election were fatally compromised. They need to act. Yesterday.

If the Republic is to survive, repairing the damage thus far visited upon the nation – and in the process stepping back from the abyss of a Second Civil War – must begin sooner rather than later. With each passing hour, let alone full day, the destruction being wrought by the Democrats now in control grows worse.

To reiterate the words of [Lord Acton](#): “Power corrupts; absolute power corrupts absolutely.” The Goof (aka “[Brandon](#)” considers Lord Acton’s words not to be a warning. Instead, to him it is a guiding principle to be venerated daily.

And by “daily” is meant every 24 hours. Among the outrages the Goof and his minions have recently launched are (1) the appeal by the Department of Justice (*sic*) to challenge the ruling keeping the southern border, and thus the nation, more secured under § 265 of [Title 42](#); (2) the threat to withhold federal money for lunches from schools that do not allow students to use the bathrooms of their [choice](#); and (3) the unconstitutional threat to outlaw not only AR-15 rifles, but [9-mm handguns](#).

<p>WASHINGTON, May 5, 2022 – The U.S. Department of Agriculture's (USDA) Food and Nutrition Service (FNS) announced today that it will interpret the prohibition on discrimination based on sex found in Title IX of the Education Amendments of 1972, and in the Food and Nutrition Act of 2008, as amended, Supplemental Nutrition Assistance Program (SNAP), formerly the Food Stamp Program (7 USC § 2011 et seq.), to include discrimination based on sexual orientation and gender identity. Under the leadership of the Biden-Harris Administration, USDA and FNS are issuing this interpretation to help ensure its programs are open, accessible and help promote food and nutrition security, regardless of demographics.</p> <p>This action is in line with President Biden's Executive Order on Preventing and Combatting Discrimination on the Basis of Gender Identity or Sexual Orientation, and is consistent with the Supreme Court's decision in <i>Bostock v. Clayton County</i>, in which the Court held that the prohibition on sex discrimination under Title VII of the Civil Rights Act of 1964 extends to discrimination based on sexual orientation and gender identity.</p> <p>This action is also in line with the USDA's efforts to promote nutrition security, which is the consistent access to safe, healthy, affordable food essential to optimal health and well-being. Nutrition security places an emphasis on advancing equity to ensure all Americans have access to nutritious foods that promote health and well-being regardless of race, ethnicity, identity or background.</p> <p><small>*USDA is committed to administering all its programs with equity and fairness, and serving those in need with the highest dignity. A key step in advancing these principles is rooting out discrimination in any form – including discrimination based on sexual orientation and gender identity,” said Secretary of Agriculture Tom Vilsack. “At the same time, we must recognize the vulnerability of the LGBTQI+ communities and provide them with an avenue to grieve any discrimination they face. We hope that by standing firm against these inequities we will help bring about much-needed change.”</small></p>	<p>Press Release Release No. 0100.22</p> <p>Contact: USDA Press Email: press@usda.gov</p>

Will bows and arrows be next?

Not to beat a dead horse, but to reiterate, it is *way* past time for the few remaining patriotic House Democrats who have declared they will not be running again to immediately [abandon](#) their prior, diseased party and register as Republicans. They may not like it and many of their constituents might disapprove: but we are only talking about the survival of the United States, are we not?

If the Goof will not resign – assuming he can even comprehend the act – and the 25th Amendment is deemed to be off the table, then the only remaining alternative is impeachment in the House under the new leadership of a Republican Speaker. The fact that a successful impeachment and removal of the Goof from the Oval Office would result in installation of an ineligible [usurper](#) there underscores the urgency of the situation.

And, by the way, if we are assuming a successful impeachment and removal of the Goof – contingent, of course, on a Senate conviction, not a slam-dunk – there is also hope for either the resignation of Kamala (“Word Salad”) Harris or her impeachment as well, assuming she did not resign.

Then guess who becomes president. That’s right, Virginia, the then-serving Speaker of the House. Whether that new Speaker is Kevin McCarthy, Donald Trump, Ron DeSantis, Kristi Noem or any other conservative, the person must be a Republican. Again, we are only talking about the survival of the Republic..., are we not?

Waiting for the November midterm election, with the high potential for a repeat of the “anomalies” that infected the 2020 general election, is a sad alternative. Perhaps even a terminal one.
