

- He was born a British Subject.
- His father was a British Subject and never was a U.S. Citizen, nor even an immigrant to the USA.
- At age 5 or 6, he was a Citizen of Indonesia & living there as Barry Soetoro.
- He believes he is a Citizen of the world.
- He has never conclusively proven he was born in Hawaii by releasing his original contemporaneous 1961 birth registration documents and amendments of same to see who registered the birth, any later amendments, and what the records reveal.
- His paternal family in Kenya, Kenyan government officials, and newspapers in Kenya say he was born in Kenya.
- His maternal grandmother in Hawaii likely falsely registered him as born in Hawaii to get him, her new foreign-born grandson, U.S. Citizenship using lax Hawaii birth registration laws in 1961. Registrations of birth, real or falsified, automatically generated the listings in the local newspapers. Those birth listings were placed by the Bureau of Health.

Obama is NOT a "natural born Citizen" to constitutional standards!

# This Decorated Lieutenant Colonel is in Prison for Asking a Simple Question: Where Were You Born, Mr. Obama?

Lieutenant Colonel Terry Lakin, a highly decorated army doctor of eighteen years and multiple deployments to combat zones, faced a court martial on Dec 16 and was sentenced to six months in prison, loss of pay and benefits, loss of rank, and discharged from the armed services. He had exhausted every procedural process available to him within his chains of command and through his Congressional delegation to seek an answer to his question. Since no one would answer the question, he chose to seek a fair hearing through a court martial.

Instead Terry was denied all legal discovery. Not one person was allowed to testify on his behalf. No witnesses were deposed. Not one document was delivered. He went to the court martial with no ability to defend himself and, apart from a few character witnesses, bereft of any evidence.

All he wanted to know, and is entitled to know, is that his military orders are legal and flowed down the chain of command from a president and commander-in-chief who meets the Constitutional standards for presidential eligibility.

The Constitution is the supreme law of the United States from which all other laws are established. If we allow this key provision to be trampled upon, what is next? Freedom of speech, freedom of religion, life, liberty?

*No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any Person be eligible to that Office who shall not have attained to the Age of thirty-five Years, and been fourteen Years a Resident within the United States.*

Article Two of the United States Constitution

Our Constitution, and the documents that followed, came out of millennia of human struggles. It has created the most free, most powerful and most prosperous and generous civilization in history. It is a brilliant summation of the best way for flawed humans to govern themselves in an orderly and productive way. Its precepts have served us well and must not be so easily discarded.

Terry is not asking a complex question. He is not asking to see a secret tattoo or unseal a juvenile record of some youthful prank. All Terry is asking to see is Barack Obama's legal and verifiable long-form birth certificate and proof that Obama meets the constitutional requirements for eligibility. That is it. This is a document that every American citizen is asked to produce for a driver's license, passports, marriages, and a dozen other key life events.

So why is this issue being so roundly and totally ignored by the liberal mainstream media, our president, our elected officials, and military leadership at every level? Why is not one leader willing to stand up and at least investigate this issue? Why did Terry Lakin have to give up everything to propel this issue forward?

**Terry has given up everything to defend our Constitution. He and his family need your help now. Please visit the [TerryLakinActionFund.com](http://TerryLakinActionFund.com) website for more information and consider making a contribution today.**

## All he asked for was the truth. Instead he got six months in prison, loss of pay and benefits, loss of rank, and a discharge from the army. You should be outraged.
