### **An Open Letter to The Federalist Society - Sue Congress**

The legal counter attack by Obama will be a tidal wave of paper and may be overwhelming to a small team when Obama recognizes that the real threat of the cases now at SCOTUS are really very, very disastrous to his getting sworn in. I think he has been holding his legal fire up until now because he doesn't want to draw publicity to the cases by opening, aggressively fighting them. However when he lets loose his legal attack dogs and sharks, he has vast resources of money to hire hundreds of lawyers to launch a paper windmill battle against just the few lawyers fighting to date on our side. In tech terms it is like a denial of service attack. But it is done with tons of paper counter filings and charges and things to try and overwhelm a weaker, lesser staffed opponent. I have asked both Atty Berg and Atty Taitz and Atty Donofrio, and a few other lawyers who declined thus far, but I keep asking them to reconsider, to sue Congress itself in Federal Courts if it acts unconstitutionally tomorrow. I have not heard from Donofrio. But even together they may not have the resources, staff, money, and time to take on another case in federal courts suing Congress directly for committing an unconstitutional act in confirming Obama. Thus tonight I have decided to expand our action horizons and personally contact numerous conservative groups who publicly declare their interest in defending our Constitution such as **The Federalist Society**, **The Heritage Foundation**, **Judicial Watch, Inc.**, and other conservative groups. I have asked them to sue Congress in federal court if the Congress confirms Obama, which would be unconstitutional since Obama is not a "natural born citizen". Let us see if we can attract some the "big guns" into this depending on what happens tomorrow. I am sending FAXs tonight of a similar letter to what I just uploaded to SCRIBD.com . Here is the link to my latest open letter. Of course I used my real name in my letters to the conservative action groups. But in my uploaded rendition of the letter I used my pen name, Mountain Publius Goat.
