What we in America have been up against for 60 years

What we in America have been up against for 60 years via brainwashing by the far-left, socialists, and Marxist ideologues in our country who are now in positions of the highest power in this country in our universities, media, and our government. Take a few minutes. Watch this. Then look around at what has happened to our country and our Constitution this year. We are in the end stages of this long term strategy of people like Saul Alinsky (author of Rules for Radicals) and Professors Cloward and Piven, authors of the "Cloward-Piven Strategy", both of which are designed to bring down America and convert our system of government to totalitarian socialist system of government to one similar to what exists now in Venezuela, with eventually Obama being President for life, if he gets away with his plan and step one is accomplished and he gets sworn in for his first term. In fact Hugo Chavez and his government is secretly backing Obama, imo, via Chavez's close contacts to Bill Ayers. Watch this below video. Google on the "Cloward-Piven Strategy" and "orchestrated crisis" and read the top two articles. Learn how Obama is a master at these two strategies and tactics which he learned from Alinsky disciples in Chicago as a Community Organizer and from Professors Cloward and Piven themselves when he attended Columbia University in NY where those two professors teach political science. Google on "Ayers Klonsky Social Justice" and "[Obama Ayers Klonsky campuswatch](#)" and then "[Obama Ayers Klonsky nexus](#)". See how long and how well both financially and socially these families have been interconnected in Chicago. Learn what the "Small Schools Workship" is all about and what Klonsky and Ayers, both committed Marxists bent on the downfall of America is all about and its real purpose, to brain wash our kids via rewriting text books to teach "social justice" and "economic fairness", the current code words for socialism. These guys, Ayers and Klonsky, were not just guys in the neighborhood. This has been a long, long term relationship and plot by these people, backed by massive amounts of money from unknown foreign sources and manpower provided by ACORN, an organization founded by Wade Rathke, a Saul Alinsky disciple, to convert our form of government to full fledged socialism. We are now moving swiftly down that path using the politics or "orchestrated crisis" to move faster and faster pursuing the final goal of the Cloward-Piven strategy. We are at a cross roads. Can this still be stopped? I hope so. If not, God save America and us all. All JMHO.

"The American people will never knowingly adopt Socialism. But under the name of liberalism they will adopt every fragment of the Socialist program, until one day America will be a Socialist nation without knowing how it happened." Norman Thomas
