Mel Martinez-Possible Wannabe Pres Candidate Changes Rules

Here is another star and up and comer in the RNC who wants to undermine the Constitutional standard in Article II for the office of the Pres and CINC.

He was born in Cuba and from what I hear tell some have suggested that he wants to run for Pres someday.

What's with these guys. They should recite the Pledge of Allegiance to our Flag to learn that we are a Republic, a Constitutional Republic to be more specific, not a pure democracy. Eligibility for the office of the Pres and CINC is not determined by voter whim and simple majority vote. Until the Constitution is properly amended, it is the law of the land and it must be followed and obeyed. But Mel doesn't seem to know that or think so.

Gov. Jindal of MS. Martinez of FL. McCain of AZ. Why can't the RNC find leaders and back them who are clearly NBCs and/or speak up for our Constitution and in particular Article II when it comes to talking about qualifications to be President. And the need to study Vattel and others to learn what a "natural born citizen" really meant to the founders and framers, not want some RNC staffer told them it ought to be just so McCain could run and likewise what the DNC did to cover for McCain to keep his mouth shut on NBC issues so Obama could run and get away with it. This is how Obama and the DNC got away with his hoax. The RNC is part of the plan to ignore Article II of our Constitution for political expediency. It's a disgrace when party loyalty and political ambition trumps the Constitution. George Washington warned of this day. And now we have arrived.
