Members of Congress Contact List Website Links - Alpha Order

What you can do to help? Keep contacting your Senators and Reps. The ice jam is starting to crack just a wee bit, imo. That FL Congressman is the first sign of a break up of the log jam. So now write them even more.

Members of Congress Contact Website Links - with the Member Listed by Alpha Order.

You can use this to send them communications by FAX, online Forms, email, or phone call. As to what you can send them, write something up yourself but here is some words in my Open Letter to Members of Congress which you can borrow liberally from:

Also you could consider enclosing a reference to and a link to the Kerchner v Obama lawsuit at Scribd.com:

Also, you could tell them it is not too late to admit they could have made a mistake and were misinformed by whomever and get on the right side of this issue and start calling for Congressional hearings. If not, when this comes out, I think those incumbents that hold out on the wrong side of this issue for the longest are going to be gone the quickest in the next election cycle that they try and stand for re-election. You may wish to mention that. It is never to late to get on the side of the Truth and Law and help lead us to Justice. Better late than never. Ask the to openly call for hearings and an investigation of Obama's exact citizenship status with full subpoena powers to get his sealed records.

P.S. And you may also wish to give them this link to show them how "reliable (not)" that Snopes.com really is: <http://wnd.com/index.php?fa=PAGE.view&pageId=91196>

AND that the Supreme Court Chief Justice Roberts is reviewing and looking at the almost 350,000 petitions on these cases which were recently a 2nd time given and hand

delivered to him. If Chief Justice Roberts said he is willing to take a look at this again, then some of the Members ought to think about calling for hearings on Obama and his citizenship issues too: <http://wnd.com/index.php?fa=PAGE.view&pageId=91763>

P.S.S. And if anyone has high up connections within or a big donor to the RNC, try to get the message to them that they should change their position too and stop burying the Obama citizenship challenges and say that the RNC should speak out and at least call for a hearing in Congress with full subpoena powers to investigate the charges and concerns of hundreds of thousands of American citizens ... just like Congress did last year for McCain with far, far less public outcry.
