Please send these two reps a thank you and congratulations for standing up to support and defend the Constitution by putting forward this common sense bill that Presidential candidates should not be allowed to hide there records in the future. And if this bill gets some traction, it is more likely that the next step is to question the current resident of the White House and ask why he has not produced his documents. More reps signing this bill will ultimately lead to more pressure on Obama and coverage by the press of this issue, imo. So email them and thank them. Just search google for their name and the word "contact" and you can get their phone number and email address in Washington DC or in their district. Send them a big thank you.
