Old SDS is Reborn as MDS - Movement for Democratic Society

The old Students for a Democratic Society (SDS) is reborn from the ashes in 2006 as the Movement for a Democratic Society (MDS). Maybe they should have called it the "Matured Democratic Society". 😊 It seems the SDS never really left us. It was just hidden from view and waiting for the right time to resurface like locust. The MDS was founded in 2006 just early enough to start laying the foundation to help back their anointed one for the run for the President and Communist in Chief of the USA, Obama. The founders of MDS are many of the same people who founded the Weather/Weatherman Underground - Bill Ayers and Bernadine (Dohrn) Ayers, and with some old guard, original SDS founders thrown in too such as [Michael Klonsky](#). Let us not forget that Barack Obama launched his first run for political office right in the living room of Bill Ayers.
