Letter of Inquiry Sent by Atty Apuzzo to Judge Simandle

A "Letter of Inquiry" was sent electronically via the PACER system on 01 Oct 2009 by Atty Apuzzo to federal Judge Simandle as to why the continuing delay in making the decisions on the two motions before him in the Kerchner v Obama & Congress lawsuit. The Judge has had all the necessary briefs before him as of July 2009.

Those of you who have twitter, please twitter this out to the world. The delays have gone on long enough in making these decisions. The courts need to duty their duty and uphold their oath to support and defend the U.S. Constitution. And they must do their job and make the decisions for motions and cases brought before them. As written in TheBirthers.org page, U.S. Supreme Court Chief Justice Marshall is speaking to them from the grave. <http://www.thebirthers.org/misc/marshall.html> They must hear and decide these cases involving the historic questions being asked about Obama's eligibility to serve as President and Commander-in-Chief of our military under Article II of our Constitution. I say Obama is not qualified. But the courts must do their duty and have a fact finding trial and decide. The delays and stalling have gone on long enough.
