Obama - A 3rd Generation Marxist - The Dossier

This Dossier on Obama documenting him as a 3rd generation Marxist and that he is a hardcore, true Marxist ideologue who is on a mission. Both his maternal grandparents and his paternal grandparent were Marxist or Communists. Obama will not go down without a stiff fight. Obama will play games and the enabling media dominated by “Progressives” [Marxists and Socialists with graduate degrees 😊] will help him shape public opinion and disguise his real agenda. Obama will at times talk centrist and “appeal to the middle class” using Saul Alinsky deception tactics taught in Alinsky’s book Rules for Radicals of how to deceive and buy off the middle class to voting for the Socialist agenda but his goal is to [destroy our economic and Constitutional Republic governing system](#) and then in the crisis take over and rebuild America as a Marxist Leninist state led by a “charismatic dictator”, him.

P.S. Good stuff in the New Zeal blog too about Obama's Occidental College days by a Dr. who knew him quite well back then and talks about how Obama was living royally and very large off a moneyed Pakistani student who shared his house with Obama all they while Obama preached and talked about hard core Marxist Leninism and the coming socialist revolution in America. This same Pakistani student is the one the Obama traveled to Pakistan with while at Occidental College using a passport of unknown nationality since Obama refuses to reveal what passports he held at that time - [Indonesian](#), [British](#), and [Kenyan](#) are some possibilities other than [U.S.](#):
